

POSITION DESCRIPTION

SENIOR ASSETS & INFORMATION SPECIALIST

POSTION OVERVIEW	
Location	Masterton
Business unit	Infrastructure and Assets
Reporting to	Compliance, Assets and Projects Manager
Direct reports	Nil
Delegated responsibility	Nil
Salary range	SP10 Grade 18

OUR COUNCIL

Working at Masterton District Council means being part of a motivated, professional, and customer-focused team in one of New Zealand's most beautiful districts. Our people play an integral role in delivering services for our community and we are focused on both 'what', and 'how' we achieve our goals. Our values help us build a workplace culture that is challenging but fun, because enjoying coming to work is important!

We want to be the best provincial council in New Zealand.

- We are an employer of choice in the Wellington Region
- Our staff recommend us to their family and friends

OUR VISION

Masterton/Whakaoriori: Providing the best of rural provincial living.

OUR VALUES	
HĪKINA TE MĀNUKA	By figuratively lifting the mānuka we show that we are responding and rising to challenges by being innovative , hard-working, and collaborative .
MANA TĀNGATA	Our organisation recognises the diversity and individuality of each of our staff members. We act with integrity and respect each other's lived experiences and the value they bring to the workplace.
HE TOA TAKITINI	Every staff member is a crucial part of the team that makes up Masterton District Council. We trust and support each other to succeed by drawing on our collective strengths.

TE TIRITI O WAITANGI

The Treaty of Waitangi

We are committed to the principles of Te Tiriti o Waitangi / Treaty of Waitangi: partnership, participation, and pro-active protection. We recognise Tikanga Māori values in the workplace and community and know we can do more.

MY BUSINESS UNIT

The Infrastructure and Assets Business unit:

The Infrastructure and Assets Group is responsible for all of Council's open spaces, facilities, and major operational and infrastructural assets, including roads, and water and wastewater pipes and treatment plants.

The teams that sit within the Infrastructure and Asset department consists of:

- 3 Waters Services
- Roading Services
- Solid Waste
- Capital Projects
- Property, Parks, and Aerodrome
- Fleet Management

MY TEAM

The Compliance, Assets & Projects team:

The Compliance, Assets & Projects team operate within the Infrastructure and Assets Group. The Team has overall responsibility for compliance monitoring and reporting (including contracts), asset management and the delivery of infrastructure and physical asset projects.

MY ROLE

The Senior Assets & Information Specialist role is responsible for but not limited to:

- Having a strong focus on the asset management system and ensuring asset management plans are in place for each activity and reflect the current state of MDCs assets through utilising asset data and information from the Asset Management System (including Roading over time).
- Work with the roading team to transition the core asset management components of the Roading Asset Management system across to this role.
- Manage the implementation of the geographical information system (GIS) to seamlessly integrate with other systems and is utilised to produce maximum benefit for ongoing planning with a focus on moving Council from reactive work to planned and scheduled programmes.

- Producing asset management reports to feed into the various council outputs, plans, and decision-making processes.
- Contribute to establishing Budgets, Monitoring Programs and Projects of all Council infrastructure assets using Council systems.
- Be accountable for the quality, quantity and frequency of data being collected in the asset management systems.
- Processing As-Built drawings, finder diagrams and all geospatial data through the various council systems.
- Progressing GIS maturity within council to ensure it can be utilised through times of emergencies across the Wairarapa.
- Ensuring GIS is kept up to date with most accurate information. Undertaking gap analysis work to identify where data gaps are present and strategising with the Compliance, Assets & Projects Manager on how to close the gaps.

MY KEY RESULT AREAS (KRAs)

•	Tier 1 Contractors – Water Asset Management
•	Significant Water Users
•	NZ Roading Authority
•	Tier 1 Contractors – Road Infrastructure Management
•	Potential new Users
•	Regional Council
•	Industry Suppliers
•	Emergency Services
•	Community Groups
•	Residents / Ratepayers of Masterton

MY COMPETENCIES/KNOWLEDGE/SKILLS/EXPERIENCE

Qualifications, Skills and Experience	•	Advantage but not essential Graduate Engineering Qualification in Civil or Environmental Engineering. Candidates with recognised Diploma in Maintenance Planning or equivalent Qualification in Civil Engineering and Construction
	•	Advantage but not essential Tertiary qualification–GIS, Cartography, Geography, Surveying, Information Management or previous experience (3-5 years) with Adapt, QGIS, ESRI or similar GIS or Microsoft SQL databases
	•	Understanding of GIS mapping, CAD, or similar software and SQL database systems
	•	Demonstrated experience related to Water, Stormwater and Wastewater Networks Assets in a Construction and Maintenance capacity will be advantageous
	•	Advanced data analysis skills
	•	Experience with developing Asset Management Plans and Infrastructure Plans
	•	Experience with hydraulic models

	 Demonstrated experience and expertise with Transport Infrastructure Road Infrastructure Asset Management, RAMM Road Assessment Maintenance Management Data Platform [ThinkProject] Asset Documentation will be advantageous (or evidenced ability to upskill quickly)
	 Demonstrated ability to undertake research and prepare Reports on a wide variety of Water and Wastewater Infrastructure Planning, Construction and Maintenance Projects.
	 Demonstrated ability to work under general direction to carry out a variety of activities requiring the exercise of initiative and judgement in those areas where practices and directions are not clearly defined.
	 Demonstrated capability in the use of Industry Standard Computer Software for personal Management and Business Applications (eg. Microsoft Suite – Outlook, Word, Access, Excel, etc.)
	 Highly developed Time Management ability as applied to work, both individually and as a member of a Team.
	 Specialist Asset Management and ability to gain competence in the use of GIS and Corporate Applications.
	 Demonstrated ability in setting, monitoring and reporting on Work Programs and Workflows
	 Demonstrated working knowledge of relevant Legislation such as the Work Health and Safety Act, the New Zealand Drinking Water Standards, and the Local Government Act.
	 Demonstrated ability to understand unit processes and operations of the Water Network Services.
	 A working understanding of Risk Management Principles.
	 Demonstrated ability to build relationships with Internal Customers and Stakeholders as well as external Organisations involved in the supply, operation, maintenance, financing, and costing of Infrastructure
Competencies	• CUSTOMER SERVICE ORIENTATION : Making efforts to listen to and understand customers (both internal and external); anticipating customer needs; giving high priority to customer satisfaction.
	 COMMUNICATION: Expressing ideas effectively in individual and group situations (including nonverbal communication); adjusting language structure or terminology both orally and in memoranda, letters and

	reports to the characteristics and needs of the audience.
	• WORKING CO-OPERATIVELY: Working effectively with others inside and outside the organisation; taking actions that demonstrate consideration for the feelings and needs of others and awareness of the impact of ones behaviour on others.
	• HEALTH AND SAFETY: Committing to applying core safety knowledge, skills and attitudes to everyday work to optimise health and safety. Promoting safety through effective communication. Anticipating, recognising and managing situations that place individuals at risk. Recognising the occurrence of an incident or near miss, responding effectively to mitigate harm to individuals, ensuring proper reporting and preventing recurrence.
Personal Attributes	Respectful, honest and open.
	• Operates with integrity, respecting diversity and other's needs.
	Self-motivated with initiative.
	Positively takes on challenges.
	 Takes accountability for own actions and works effectively as part of a team.
	• A strong communicator who can work collaboratively across a range of managers and teams.
