Your thoughts

Do you think we should:

Option 1: Adopt the proposed Dangerous, Affected, and Insanitary Buildings Policy – to take account of legislative requirements, improve transparency and consistency, and to clarify how the policy is applied within the Council's broader strategic context (preferred option)

Option 2: Adopt with further amendments the proposed Dangerous, Affected, and Insanitary Buildings Policy (please describe amendments below)

Option 3: Retain the current Dangerous, Affected, and Insanitary Buildings Policy – this means we may not be compliant with our legislative requirements.

Is there anything else you would like to note as part of your feedback on the policy?
