

## **TREATED EFFLUENT SUPPLY POLICY**

Policy regarding the supply of treated wastewater to interested parties:

- 1 Cost of Resource: no initial cost proposed as an incentive to take resource.
- 2 Future Cost: reserve right to review the charges.
- 3 Operating costs to be passed onto user at cost.
- 4 Priority of Use: initially first come first served, with Council reserving the right to take a strategic review.
- 5 Lease costs of public land to match equivalent farm lease income.
- 6 Land treatment capacity: initially first come first served, with Council reserving the right to take a strategic review.
- 7 Impact on treatment costs: no initial cost passed onto users, but right to review.
- 8 Business opportunities: considered on a case by case basis.
