Submission Statement

The specific parts of the Proposal that this submission relates to.

I understand that there are costs involved leaving things as they are, but I cannot understand the urgency, as the government EQS extension allows for more time. With rate rises and impending water rates affecting ratepayers, surely there are more important things to be considered and sorted than a new town hall.

I am strongly against total demolition. It is vital that the facade of the Town Hall + Municipal Building be retained. There are few historical buildings left in Masterton, and the Town Hall forms a precinct of historic buildings with the Times-Age and Public Trust buildings. Sometime in the future, a new Town Hall, if so desired by the majority of residents, can be built behind that facade.
