Submission Statement

The specific parts of the Proposal that this submission relates to.

Demolish the Town Hall and Municipal buildings and the façade

Decision you want the Council to make:

Grant the Consent Decline the Consent Grant the Consent with Conditions

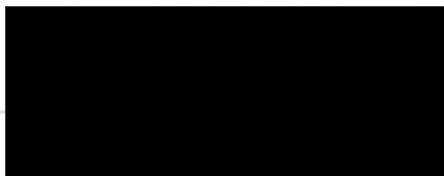

Grant consent to demolish the existing Town Hall and Municipal buildings and façade.

Do Not re-build a new Town Hall and multi-purpose space. There is no case for this and we have not had the use of or the necessity for a Town Hall for the last 8 years. The budgeted cost of 25 million (including contingency) if built will end up as a 'White Elephant' and go on to cost the rate payers a further 2 million annually to operate and keep open.

(cost for this whim for first 12 years 50 million and the costs just go on and on, this will be hoisted onto current and future rate payers forever. Not as asset but a liability)
