

# PROPOSED WAIRARAPA SOLID WASTE MANAGEMENT AND MINIMISATION BYLAW 2021

## SUBMISSION FORM

We want to hear your views on the proposed Wairarapa Solid Waste Management and Minimisation Bylaw 2021.

**TELL US WHAT YOU THINK BY 4PM  
ON MONDAY, 30 NOVEMBER 2020**

You can do this by:

- Completing this submission form in hardcopy or online [www.mstn.govt.nz/current-consultations](http://www.mstn.govt.nz/current-consultations)
- Email your thoughts to us at [submissions@mstn.govt.nz](mailto:submissions@mstn.govt.nz)
- Post your submission to Masterton District Council, Attn: Barbara Wilson, Freepost 112477, PO Box 444, Masterton 5840
- Hand deliver to the offices of either the Carterton, Masterton or South Wairarapa District Councils.

Please note that Masterton District Council is managing submissions on behalf of Carterton District Council and South Wairarapa District Council.

## PLEASE PROVIDE YOUR FEEDBACK BY 4PM ON MONDAY, 30 NOVEMBER 2020

Privacy statement – what we do with your personal information

All submissions (including names but not contact details) are provided in their entirety to elected members, and will be made available to the public at our office and on our website. Your personal information will also be used for the administration of the consultation process, including informing you of the outcome of the consultation. All information collected will be held by Masterton District Council. Submitters have the right to access and correct their personal information.

**SOUTH WAIRARAPA  
DISTRICT COUNCIL**  
*Kia Reretahi Tātau*

## YOUR CONTACT DETAILS

Name ..... Organisation (if applicable) .....

Physical Address .....

Postal Address.....

Email..... Phone.....

Are you making a submission as an individual or on behalf of an organisation?  Individual  Organisation

If an organisation, please state the name of the organisation: .....

You are making this submission:

as a ratepayer/resident of Carterton District Council

as a ratepayer/resident of Masterton District Council

as a ratepayer/resident of South Wairarapa District Council

If none of these, please state reason: .....

## PRESENTING YOUR SUBMISSION IN PERSON

Would you like to come and talk to the Councils about your submission?  Yes  No  
(A hearing is scheduled for Wednesday, 16 December 2020)

If yes, please provide a phone number so we can get in touch: .....

## HAVE YOU MADE A SUBMISSION TO COUNCIL BEFORE?

Have you made a submission to any of the three Wairarapa District Councils before?  Yes  No

If yes, which council:.....

## ABOUT YOU

Answering the following questions helps us understand which sectors of our community are providing the three Wairarapa District Council's with feedback. This information will not be made public with your submission. Only collated data will be reported to Council.

Age  Under 20  20-35  36-50  51-65  65+

Ethnicity  Māori  NZ European  Pasifika  Other (please specify):.....

Gender  Male  Female  Another gender (please specify):.....

# YOUR THOUGHTS

## 1. EVENTS

The proposed Wairarapa Waste Management and Minimisation Bylaw 2021 seeks to ensure waste is effectively planned for and managed at large-scale events. To do this, the bylaw seeks to enable councils to request the following for large-scale events that attract more than 1,000 over its duration (regardless of whether it is single or multi-day):

- an event waste minimisation plan to be developed at least 30 working days before the start of the event
- a waste analysis report to be completed by event managers.

An event is identified as any organised temporary activity of significant scale that is likely to create litter and includes (but is not limited to) an organised outdoor gathering, open-air market, parade, sporting event, festival, concert or celebration.

The proposed Wairarapa Waste Management and Minimisation Bylaw 2021 sets out what needs to be covered in the event waste minimisation plan and waste analysis report.

To what extent do you agree or disagree with the proposed event waste management and minimisation planning requirements for large events?

Strongly disagree     Disagree     Neutral     Agree     Strongly agree     Don't know

## 2.CONSTRUCTION AND DEMOLITION WASTE

The proposed Wairarapa Waste Management and Minimisation Bylaw 2021 and associated bylaw controls require all large construction projects (valued at \$2 million+) to consider waste management and minimisation planning as part of their project planning and submit an associated construction site and demolition waste management plan to the council for approval.

The proposed Wairarapa Waste Management and Minimisation Bylaw 2021 sets out what needs to be covered in the construction site and demolition waste management plan.

To what extent do you agree or disagree with the proposed requirement to consider waste management and minimisation planning for high value building projects?

Strongly disagree     Disagree     Neutral     Agree     Strongly agree     Don't know

### 3. RESTRICTING UNADDRESSED AND ADVERTISING MAIL

The proposed Wairarapa Waste Management and Minimisation Bylaw 2021 will formally restrict the deposit of unaddressed mail or advertising mail in letter boxes that are clearly marked with the words “no circulars”, “no junk mail” or “addressed mail only”. However, there are exceptions for public notices from the government, as well as for different types of information from community organisations and charities.

To what extent do you agree or disagree with this new restriction?

- Strongly disagree     Disagree     Neutral     Agree     Strongly agree     Don't know

### 4. WASTE OPERATOR LICENSING

The proposed bylaw includes provision to establish a licensing system for waste operators. This would involve mandatory licensing for any person or entity that collects or transports more than 20 tonnes of waste per year within the Wairarapa region.

Licensing would not apply to individuals who collect or transport waste for personal reasons. The primary purpose of this proposed licensing system is for the council's to collect relevant waste-related data from the private sector and to ensure private waste operators are operating in a manner that is consistent with the Council's waste-related objectives.

To what extent do you agree or disagree with the establishment of waste operator and facility licensing?

- Strongly disagree     Disagree     Neutral     Agree     Strongly agree     Don't know
