## Infrastructure Contributions

As part of approved resource consents for new lots in the urban areas of Masterton, subdividers/developers are required to pay for connections to infrastructure services. The charge is effectively a service connection fee to the existing network services. These charges are payable prior to connection, and approved subdivision developments are subject to the requirements of the Wairarapa Combined District Plan. For more information, please contact the Planning team.

**Further notes**

Application for refund of an annual registration fee must be in writing, 50% of total fee retained for administration/inspection, 50% of total fee refunded on a monthly pro-rata basis.

The initial verification fixed fee is based on an initial estimate of time. The actual officer time will be subject to the size, complexity, level of compliance and the readiness of the business.

The registration frequency for national programmes (NPs) is every two years.

Food registration periods may be extended as per section 51(1)(b) and charged pro-rata for the extended portion.

The verification frequency for high performing operators on FCP may extend to every eighteen months, further reducing compliance costs for food operators. Verification for businesses on national programme may also be extended to twenty four months. Businesses on national programme one (businesses such as coffee carts) will only need to be verified once if there are no changes to the operation.
